

"Not Knots:" A Workshop Featuring Sabrina Gschwandtner, Philip Ording, and Inoli Murphy

A+ A-

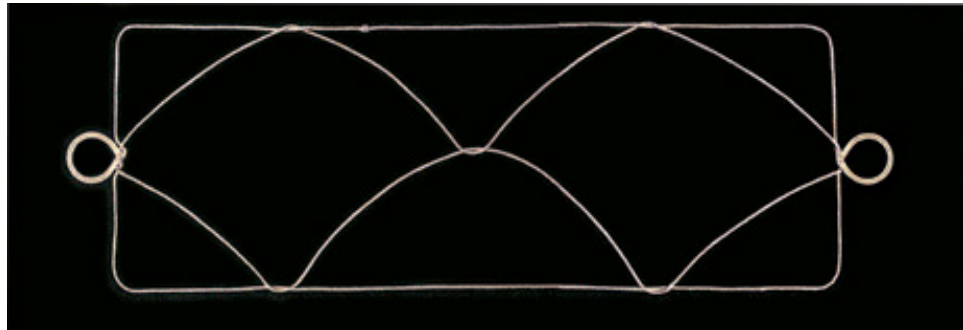

Date: Saturday, March 6, 2–4 pm

Location: Cabinet, 300 Nevins Street, Brooklyn, NY

FREE; no RSVP necessary

Organized by Sabrina Gschwandtner

See Lost at Sea's report on "Not Knots" [here](#).

This mini-fair is a hands-on exploration of knots, knitting, and string figures. Visitors can view short math films that explore the geometry surrounding knots (including the well-known short *Not Knot*) and engage in an informal discussion of knot theory with mathematician **Philip Ording**. Artist **Sabrina Gschwandtner** will conduct a lab for stalled handcraft projects: bring any knitted, crocheted, sewn, embroidered, or woven undertaking that is in limbo, and receive consultation for moving forward. **Inoli Murphy**, mathematician and author of *Murphy's String Figures: Teaching Math with String Figures*, will demonstrate and discuss the ancient art of string figures.

Pretzel knots and wine will be served.

This event is supported by the New York State Council on the Arts.
